Referred to BLM

Referred to BLM

This exemption is in the Federal regulation and once the State's December 21, 2012 SIP submittal is approved by EPA, will also be in the State's general conformity requirements (ref. WAQSR Chapter 8, Section 3).

Typically, **stationary sources** that are permitted by the State in the Upper Green River Basin (UGRB) ozone nonattainment area, are permitted under WAQSR Chapter 6 and the State's 2008 Interim Policy for sources in the UGRB. In order to meet the requirements of WAQSR Chapter 6 and the 2008 Interim Policy, the permit requestor typically elects to fully offset the emissions from the stationary source.

Ex. 5 - Deliberative Process
